I reached the last note into my  
pocket and sought up my coat and hat  
"Come, baby, I'll wait for you out  
of my window for the minute by my  
terrible pain," he said to me. When  
I came to the door, I found that we are  
gone.  
I took up the little one, and wrapped  
her in a heavy shawl; then we left her  
sheepish friends, and set forth through  
the falling rain.

"Why, what is the name of wonder  
brought you out tonight, Jennie?"  
I asked him, when we entered the  
sitting room. "And you've brought the  
child too. What's up?"  
I shrunk down beside my mother,  
and upon her breast.

"John answered," repeated father, "is  
that what you're driving at? Oh, look,  
Jennie, you're jealous, that's all, I  
don't believe a word of it. A true  
lover sees that John don't breathe."  
I drew forth the crumpled note, and  
held it toward him.

"It's out every night," I sobbed  
"and I found that I pocketed  
father pulled his spectacles over his  
eyes, and opened the note. A minute  
perhaps, he pored at it curiously, and  
then he exploded with laughter.

"Oh, Jennie, Jennie, what a self  
he is. What a precious little fool  
you are. Take this note, and look at  
it. I took the note and looked at it,  
wondering what he could mean. The  
same old bottom of the letter sheet  
caught my eye for the first time  
since I saw it. It was a mother's  
love, and heartiest love.

found that they are all swindlers, and  
we have exposed them to the world.

### TURKISH GIRLS.

The pleasure of a woman in the  
Oriental East.  
The pleasures of Turkish girls are  
entirely simple and limited. Most of  
them from that limitless world of  
civilization, where the literature of  
entertainment opens up to the European  
child directly as he can read, with the  
exception of the few in the harem or  
red-light days her pleasures consist in  
either organizing or accompanying  
her sisters on the visit, which occupy  
such a large portion of a Turkish lady's  
time. The luxurious festivals or great  
religious feasts wealthy people will  
often organize and entertain on a very  
elaborate scale, giving dances or a  
troupe of doves with some sort of  
pastime or show are engaged for the  
occasion, and the neighbors, rich and  
poor, are invited to the performance.  
The Turkish being a very hospitable  
people, a friend of the hostess is free  
to bring all her sisters and her cousins  
and her aunts, with their families, on  
such occasions. These are high days  
for the Turkish girl, and her sisters too  
—though an English girl of ten or  
twelve would think the Turkish girl  
very poor English child of ten or  
twelve.

## ANNOUNCEMENT.

We are authorized to announce.

Hopkinsville, Ky., March 18, 1892.

The date of the Press Convention.

has been fixed for May 10 and 11.

and an interesting program arranged.

The Missouri Legislature has passed.

a Congressional redistricting bill.

making fourteen districts Democratic and one Republican.

Dr. S. F. Smith, late candidate of the

People's Party for a lieutenant

governor, dropped dead in Franklin

county Monday, aged 54 years.

Dr. Henry C. Miller, who had been

Corner of Jefferson county for the

last fourteen years, died suddenly in

Louisville last Monday, aged 50 years.

The Bowling Green Times says

Adjutant General Green was a gray

instead of a blue uniform. If so, the

most remarkable thing he can do is

to take it off and keep it off. There is

only one uniform in this country now,

however, due to some of the gray

may have been.

Manager Douglas, of Louisville,

chief controller of the Franklin lot-

tery in Kentucky, announces that

he will run on in spite of the Gobel

bill, his contract with the city of

Louisville guarantees him protection.

The line of defense on which the

lotteries will rely is that the State can

pass no law to impair the obligation

of a contract. This question has been

settled by the courts in Missouri on

exactly the same kind of a proposition.

Joe Kendall, a young lawyer 31

years of age, has announced himself

a candidate to succeed his father, the

late Congressman Kendall, from the

Tenth District. Hon. Marcus D.

Lisa, of Winchester, is also a prob-

able candidate, but the sentiment

that will make Alex. Hargis his

father's successor in the State

Senate, will most likely give Joe

Kendall a clear track. John Hook

of Chattanooga, was last night

congressed simply because he

was the son of his father, the late L. C.

Hook.

A Fresno, Cal., special of Monday

last gives this account of the G.A.R.

observance of Sunday on the 13th:

Five hundred Grand Army men

attended the State encampment

here, indulged in a slight rioting

and were within five miles of the

corral, the two wings formed a circle

and closed in on the center. Twenty

five thousand in the number tagged

and of those over 300 were actually

tramped to death as the final nail

was made. The slaughter of the

animals was sickening, the clubs

spitting blood and brains over every-

body for an hour.

## A Black Patti.

"Since the days of the Black Swan,

Mrs. Greenfield, there has not ap-

peared among the colored people a

vocalist of such colossal genius as

Mrs. Maudie Simmeret Jones, who

laid the hour of singing before

President Harrison and the occasion

of the White House last week, writes

a Washington correspondent.

The African Nightingale, or the

Black Patti, as she has been affection-

ately named by artists, is a native

of pure negro blood, which fact is

proved by her charcoal complexion

and unmistakably African cast of

countenance. Nevertheless, she is

of a very pleasant appearance,

and, according to the testimony of

the gifted musical critics, undoubtedly

of the most marvelous voice, rivalling

# FROM THE CAPITOL.

(Special Correspondent.)

Frankfort, Ky., March 17th:

The third Judicial District com-

posed of the counties of Christian, Calloway,

Trigg and Lyon, which has been

agreed upon by the last Judicial Re-

districting Commission, was generally

admitted by the Democratic members

to be the just and proper thing to do,

and would have been settled without

a struggle, had it not for the popularity

of Senator Tipton A. Miller, of Calloway

county, who fought it from the start.

The writer is pretty well acquainted

with a Calloway county, and can truth-

fully say there are no better people

on the face of the earth than they,

and I know that Christian, and the

rest of the counties comprising the district,

will welcome them in the fold and re-

ceive them with open arms. God

bless old Calloway.

Since the third Judicial District

has been decided upon, the question

is asked, who will be the candidate

for Circuit Judge and Common-

wealth's Attorney? I see from the

papers that Hon. James B. Garrett

is the favorite of the district, and

is in all probability has no opposition

for the Democratic nomination. As

Judge Green has served on the bench

for nearly a quarter of a century, and

is growing old, it is quite likely that

he will think that he has been honor-

ably enough and decline to stand for

re-election. As there is a vast amount

of work, and considerable traveling to

do in connection with the office,

it is not surprising that he should

double his advanced age suggests

that he will be better off to

spend his remaining days in quietude

and ease; in that event, Calloway

county should be allowed to name the

candidate for Judge, and in Judge

Thomas J. Cook, who has been a

citizen, an able jurist, who is eminently

qualified to fill the position, and

one who would reflect great credit on

the district.

If there is a man in Kentucky to

know Christian county more as a

district, it is Judge Caswell Ben-

nett, and if there is a Democrat in

that county who would offer to

run for Judge, he should be

branded as an ingrate, for such he

would be. Whenever Christian county

needs a friend, she always finds one in Judge

Thomas J. Cook, who has been a

citizen, an able jurist, who is eminently

qualified to fill the position, and

one who would reflect great credit on

the district.

While on the bench he knows no

politics, but with his judicial robe

and his one who knows no politics,

Frankfort, Ky., March 17th:

The third Judicial District com-

posed of the counties of Christian, Calloway,

Trigg and Lyon, which has been

agreed upon by the last Judicial Re-

districting Commission, was generally

admitted by the Democratic members

to be the just and proper thing to do,

and would have been settled without

a struggle, had it not for the popularity

of Senator Tipton A. Miller, of Calloway

county, who fought it from the start.

The writer is pretty well acquainted

with a Calloway county, and can truth-

fully say there are no better people

on the face of the earth than they,

and I know that Christian, and the

rest of the counties comprising the district,

will welcome them in the fold and re-

ceive them with open arms. God

bless old Calloway.

Since the third Judicial District

has been decided upon, the question

is asked, who will be the candidate

for Circuit Judge and Common-

wealth's Attorney? I see from the

papers that Hon. James B. Garrett

is the favorite of the district, and

is in all probability has no opposition

for the Democratic nomination. As

Judge Green has served on the bench

for nearly a quarter of a century, and

is growing old, it is quite likely that

he will think that he has been honor-

ably enough and decline to stand for

re-election. As there is a vast amount

of work, and considerable traveling to

do in connection with the office,

it is not surprising that he should

double his advanced age suggests

that he will be better off to

spend his remaining days in quietude

and ease; in that event, Calloway

county should be allowed to name the

candidate for Judge, and in Judge

Thomas J. Cook, who has been a

citizen, an able jurist, who is eminently

qualified to fill the position, and

one who would reflect great credit on

the district.

If there is a man in Kentucky to

know Christian county more as a

district, it is Judge Caswell Ben-

nett, and if there is a Democrat in

that county who would offer to

run for Judge, he should be

branded as an ingrate, for such he

would be. Whenever Christian county

needs a friend, she always finds one in Judge

Thomas J. Cook, who has been a

citizen, an able jurist, who is eminently

qualified to fill the position, and

one who would reflect great credit on

the district.

While on the bench he knows no

politics, but with his judicial robe

## An Important Difference.

What makes a difference in thousands when they themselves are not? It is not an affectation with any disease, but it is the system which keeps clean, and is in long contact with the heart, as a positive condition is easily cured by using Syrup of Fig. Manufactured by the California Fig Syrup Co.

## JOHN BOYD ACQUITTED.

The Commonwealth failed to show that it had guilty knowledge.

The case of the Commonwealth vs. Sheriff John Boyd, charged with embezzlement, with raising tax lists and false returns of taxes, was tried this week. As mentioned Tuesday the case began Monday with a jury from the county jury in the box. It was concluded Tuesday evening and a verdict of not guilty brought in.

The line of defense was that Boyd knew nothing of the receipt of the money, his deputy and officer was the state failed to show that any of the fraudulent entries were made by Boyd or that he was in any way connected with them. E. C. Church, the other hand gave testimony that Boyd was in sole charge of the office and that Boyd was without the receipt or acknowledgment of the money. Boyd himself testified that he had failed to get a settlement out of Boyd and that he had suffered more ways than one. C. M. Brown also testified that his brother was wholly blameless for all the evidence on Boyd's books and also in his books, as Omar Brown was chief deputy during the term of both of these portraits were taken after death. Not only portraits but picture of all kinds can be enlarged by the system he teaches.

A Frankfurt special says a gentleman who has taken the pains to go over the Assessor's reports from all the counties of Kentucky presents an interesting array of figures on the tobacco crop of 1901. Christian county keeps the lead in tobacco production in this year's crop in the state. Christian raised 1,457,613 pounds of tobacco, an increase of 1,707,131; Graves county, 1,227,840 increase of 2,615,584; Henderson, 1,100,000 increase of 3,000,000; the Old Bay county an increase of 650,000; Bourbon, 570,000, an increase of 298,000; Marion, 2,067,285, decrease of 1,230,000 pounds. Total produced 1,840 pounds of tobacco, and was the smallest producer of the tobacco raising counties in the state. The largest crop in the past was made in 1899, when the total was 1,840,000 pounds. Christian county raised 1,750,000 pounds, or more than the combined product of Willet, Wolf, Brown, Rockcastle, Powell, Perry, Martin, Leslie, Boyd, Harlan, and all the other counties.

Meeting at the Baptist Church.

In the recent Bible school at the Baptist church there were a number of requests for prayer by unconverted people. There were probably several conversions. The services of Rev. J. O. Fow, pastor in Louisville, have been secured and he will be here on Monday next, March 21, to aid the pastor in a protracted meeting. A large chorus will lead the singing. This chorus practices weekly from the new book of *Red Terrors*, in which there are many delightful hymns. Rev. J. O. Fow is especially successful in procuring meeting houses and has great experience in conducting such a system of prayer. Boyd himself testified that he had failed to get a settlement out of Boyd and that he had suffered more ways than one. C. M. Brown also testified that his brother was wholly blameless for all the evidence on Boyd's books and also in his books, as Omar Brown was chief deputy during the term of both of these portraits were taken after death. The Council has decided upon the proposition that the water of the Rock Spring, the stream will be tapped about 40 feet above the present spring and walled up to the street level. The well will be five feet in diameter and from 21 to 23 feet to the water. A pump will be put in it at the edge of Water street and the old Rock Spring of the past will be transformed into a modern one.

Why not put a windmill in it and make it supply the water for Mrs. Brown's fountain? The spring itself would not be a bad location for it.

Prof. L. A. Hagen, a famous portrait artist, is at the Southern Hotel, accompanied by his wife and will proceed at once to organize a class in life portraits. Prof. Hagen is an inventor as well as an artist. His sketch system gives the artist an exact copy of the face of the subject, and of the expression of the face, and of the features that express all of the character. It removes all former and intricate instructions and difficulties and makes it possible to give perfect satisfaction. Pupils are taught in a course of three life size portraits. One of Prof. Hagen's specialties is opening the eyes and giving the life expression to those whose portraits were taken after death. Not only portraits but picture of all kinds can be enlarged by the system he teaches.

A Frankfurt special says a gentleman who has taken the pains to go over the Assessor's reports from all the counties of Kentucky presents an interesting array of figures on the tobacco crop of 1901. Christian county keeps the lead in tobacco production in this year's crop in the state. Christian raised 1,457,613 pounds of tobacco, an increase of 1,707,131; Graves county, 1,227,840 increase of 2,615,584; Henderson, 1,100,000 increase of 3,000,000; the Old Bay county an increase of 650,000; Bourbon, 570,000, an increase of 298,000; Marion, 2,067,285, decrease of 1,230,000 pounds. Total produced 1,840 pounds of tobacco, and was the smallest producer of the tobacco raising counties in the state. The largest crop in the past was made in 1899, when the total was 1,840,000 pounds. Christian county raised 1,750,000 pounds, or more than the combined product of Willet, Wolf, Brown, Rockcastle, Powell, Perry, Martin, Leslie, Boyd, Harlan, and all the other counties.

Meeting at the Baptist Church.

In the recent Bible school at the Baptist church there were a number of requests for prayer by unconverted people. There were probably several conversions. The services of Rev. J. O. Fow, pastor in Louisville, have been secured and he will be here on Monday next, March 21, to aid the pastor in a protracted meeting. A large chorus will lead the singing. This chorus practices weekly from the new book of *Red Terrors*, in which there are many delightful hymns. Rev. J. O. Fow is especially successful in procuring meeting houses and has great experience in conducting such a system of prayer. Boyd himself testified that he had failed to get a settlement out of Boyd and that he had suffered more ways than one. C. M. Brown also testified that his brother was wholly blameless for all the evidence on Boyd's books and also in his books, as Omar Brown was chief deputy during the term of both of these portraits were taken after death. Not only

**THE PERSON WITH BAD HEAD** who is not taking Dr. Pierce's Golden Medical Discovery. You are bereft of judgment and good sense if you allow your blood to get out of control. Your liver sluggish—life dull, everything blue, for you may soon find out that you're in the gray—no next to it is because you did not procure the G. M. D. soon enough, and some of the most distressing diseases, or consumption, may be typified or malnourished, has taken you. Consumption is Lung Scrofula. For Scrofula in its myriad forms, and for all Liver, Blood and Lung disease, the "Discovery" is an un-qualified remedy. Everything, now and then, feels "run-down" played-out, with no power to generate vitality, in fact, just like a well. That's where the right kind of medicine comes in, and the "Discovery" does for a dollar what the doctor wouldn't do for less than five or six.

We claim that nothing like it has been discovered for a blood-purifier. It's purgative for the blood. Your money is returned if it doesn't heal or cure you.

## TAKE TIME.

Do not be in such a hurry at the table. Only those who have suffered with the torments of indigestion can fully appreciate the blessings that attend the condition where "good digestion waits on appetite, and health on both."

Moreover, if those who enjoy these blessings could catch one glimpse of the faces of aunts, fathers, mothers, and friends of the dyspeptic, I am of opinion that they would be much more careful to feed the flesh as they should, and against these unwelcome visitors that come to enervate to dine in and out with the family.

The people of this country are not only too great a hurry at the table, but to the eating of their food, but in too much of a hurry for it to digest. I have seen heavy meals consumed by hungry people in about ten minutes, and a profound sleep, as which relieves at midnight, and the regular and unceasing friction of teeth and forces against the surface of the plates. With the last mouthful hardly swallowed these people would do solemnly out to take up at once the labor of the afternoon. What wonder that the food is not digested, and that the system is a mass of various degrees of weakness? In a hospital, the "Discovery" is an un-qualified remedy. Everything, now and then, feels "run-down" played-out, with no power to generate vitality, in fact, just like a well. That's where the right kind of medicine comes in, and the "Discovery" does for a dollar what the doctor wouldn't do for less than five or six.
